Quick Quotes

## Jason Day

Quick Quotes From:  
JASON DAY

**Q. Couple of comments so you can go. Go ahead and tell us about your day and how you feel.**

JASON DAY: I didn't feel that great coming out early, and then felt like -- I felt pretty groggy on the front nine just from the drugs that I had in my system, then kind of flushed that out on the back nine. But then it kind of came back -- the vertigo came back a little bit on the 13th tee box, and then felt nauseous all day. I started shaking on 16 tee box and then just tried to get it in, really. Just wanted to get it in.

**Q. Amazing round of golf you just played. Can you even -- I would imagine that you thought you might not have gotten through?**

JASON DAY: Last year I didn't play the round after I had vertigo and this one was worse. I think the goal was just to go through today and see how it goes.
